

Undo's

ITALIAN
The Original Family Restaurants
Gift Boxes

As you may know, Undo's Family Restaurants is a family owned business with four full service restaurants located in West Virginia and Ohio. The original Undo's began in 1953 in a small mill town where families would gather to enjoy their meals in a cozy, atmosphere. At Undo's we recognize the importance of treating our employees and customers like family. I am sure you will agree, a business is only successful because of the hard work of their employees and the appreciation of their customers.

We know that your company also values your customers and employees and would like to show them your appreciation. Undo's has a gift suggestion to ensure they are aware that you value their business and commend their hard

work. Why not give them dinner on you! We are offering a gift box filled with Undo's homemade marinara sauce and Italian dressing, in addition to one pound of pasta. You also have the option of adding a gift card, one of our Undo's t-shirts, or a personal touch from your own company. As a special bonus we can add your

company logo to the gift box. Our gift boxes are ideal for any occasion as well as the upcoming Christmas season. A gift box filled with family favorites is a personal touch that would be appreciated by your customers and employees.

We take great pride in our company and products. I will contact your business in the coming months and would appreciate the opportunity to speak with you. Should you have any questions please contact our office at (304) 233-5566.
